- Support the development, integration, and operational effectiveness of the ARSD (MOD Intelligence) Service HQs with respect to Tunisian ISR capabilities and intelligence support, specifically the integration with the Joint Operations Command Center and Joint Reconnaissance Center.
- Indirectly support the implementation and sustained execution of several Tunisian Building Partner Capacity efforts and Institutional Training Capacity.

- Serve as the lead coordinator and integrator of ISR training support provided by AFRICOM and its Service Components.

Required Knowledge, Skills and Experience:

- Extensive background in military command, control, intelligence, surveillance, and reconnaissance systems and technologies, with expertise in automatic target recognition, sensors, and battle management/command, control, and communications.

- Experience in collection of real-time intelligence from UAS and fixed wing ISR platforms.

- Minimum 5 years of experience supporting OSD, CJCS, Service HQs, Combatant Command, Joint and/or Combined Task Forces in ISR related functions.
- Knowledge of DoD U.S. security cooperation and security assistance programs.
- Demonstrated communication skills and the ability to work collaboratively with counterparts to help them achieve goals through the provision of quality advice, support, and mentoring.
- Proven success in individual and organizational capacity building and aptitude to share knowledge, mentor and coach others.

- The selected MoDA will do a Temporary Change of Station (TCS) move to Tunis, Tunisia for 12 to 24 months and will receive post differential and Cost of Living Allowance (COLA) while assigned to post.
